

The Electric Car Scheme - Cheat Sheet

Saving your employees 30-60% on any electric car through salary sacrifice

Why The Electric Car Scheme?

Access to lowest prices widest range, best availability

- We work with all the UK's leading lease companies
- Giving you access to the full market, best pricing and availability

All-inclusive package

- Car, maintenance, services, roadside assistance, insurance, home charge point, all bundled together
- With savings on each element

Market leading risk protection

- We protect employers from early termination fees
- Including for dismissal, redundancy and resignation
- No limits to the risk protection on value or number of cars returned

Straight forward reporting

- For payroll, finance & HMRC
- All reporting done via your own employer portal
- Dedicated Account Manager

No setup or running costs

- Fees are paid from employer tax savings, keeping the company cost neutral
