

octopus
electric vehicles

Save up to 40%

on a brand new electric car

The whole EV package

Get your car, charger and energy all from Octopus: it's the simplest, easiest way to make the switch to electric driving.

Free home charger

If you have off-street parking we'll throw in a free home charger with standard installation.

First 4,000 miles free

With Intelligent Octopus Go if you opt for the free charger at home, or through the Electroverse public charging network if you don't.
