Employee Benefits Matter

In the current climate, salary and compensation packages are no longer the only major consideration for employees when choosing their next position. Employee Benefits have become another crucial focus for any candidate and can often be the deciding factor when they have offers on the table from multiple potential employers. More and more companies are realising that this is the key to attracting the best talent, but then more importantly, keeping them.

Providing employees with real world savings which give genuine help with the cost of living, not only shows that an employer cares about their welfare, but it also makes employees less likely to leave for financial reasons. Recruitment, retention and employee wellbeing all taken care of through one cost effective solution where everybody wins.

World Privilege Plus understands this, and our platform features directly negotiated, large discounts with some of the biggest brands in the UK. We don't offer cashback, or points on purchases. Just big discounts to be used at the time of initial purchase. We offer large time of need comes for your employee. A genuine benefit, which will save them thousands of pounds a year from everyday purchases, through to holidays & high-end tech.

Testimonials

“We write with reference to the World Privilege Plus discount reward scheme. As a company we have been providing our customers with a white labelled version of the discount reward scheme since 2019.

Over the years our users have benefited from a wide range of exclusive discounts with the most popular global consumer brands. Not only has this represented an excellent incentive for our customers, but it has also been an invaluable tool at our teams disposal when dealing with customer acquisitions and retentions. This has assisted our brand to grow and become known as one of the best value broadband providers in the UK.

Our partnership with World Privilege Plus is envied by our competitors and loved by our customers. This service is easily recommendable as it represents truly excellent value and a reliable and professional service from all at World Privilege Plus.”

Operations Manager, Direct Save Telecom

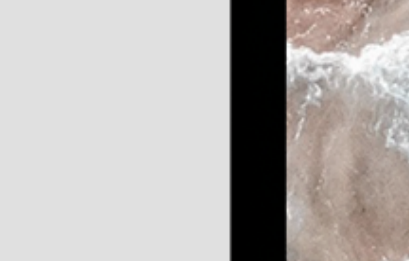

“We provide World Privilege Plus to our client base and it is always extremely well received. Our clients are impressed by the range of discounts available at such an accessible rate.

Your selection of discounts provides something for absolutely everyone within a business, no matter what their age or personal circumstances. I love the fact that you have just added on so many direct discounts not just gift cards or e codes, as so many providers do, some great addition to an already fabulous portfolio of discounted products. This program has been great at helping us reach different touch-points.

All of the team at Enjoy also have access to WPP and love it too.

On a personal note, that in itself is joyable and your team are to work with. Trust in itself is invaluable and I am happy to recommend you as being a 'gold standard' supplier.”
