

Zest Marketplace

The Zest Marketplace is your one-stop shop for all your employee benefit needs. We've handpicked best of breed partners from our network of trusted providers to ensure you have the best offering available to your people, allowing you to craft a bespoke benefits scheme that perfectly aligns with your people's needs.

With simple sign up, preferential rates and simple integration with your Zest platform, we've done all the hard work for you.

Tech voucher schemes

Don't hear it through the grapevine, hear (and watch it) through your brand-new 4k Ultra TV set!

The popular Technology Vouchers scheme allows employees to spread the cost of the latest home and tech gadgets across monthly payments and save up to 12% on National Insurance contributions.

Why not:

- > Keep an eye on burning those calories with a FITBIT watch
- > Put the power of tech at your fingertips with a new smartphone
- > Make clearing up after the Sunday roast a doddle with a new dishwasher

Whatever you get, we're sure it will be love at first sight. Through easy, predictable payments, employees can experience the advantages of upgraded technology and improved living spaces, enhancing their quality of life both at work and at home.

Why BHN Extras - Home & Tech?

BHN Extras Home & Tech offers employees a convenient and cost-effective way to purchase high-quality home and technology products through manageable, interest-free monthly payments. This benefit allows employees to access a variety of products from well-known retailers, enabling them to upgrade their home, lifestyle, and tech gadgets without the upfront expense.

By splitting payments across 12 months, deducted directly from post-tax salary, employees can enjoy a smoother buying experience and reduced financial impact.

PLUS with Zest and BHN Extras - Home & Tech

- **Huge choice and flexibility** — Choose from the latest tech devices, such as laptops, smartphones, and smart home gadgets, to essential home items like furniture, kitchenware, and decor.
- **Seamless process** — Removes the complexities and costs associated with traditional financing options, making it easier to acquire the items they want without impacting their financial well-being.
- **Automated provider reporting** — Say goodbye to the administrative burden of managing provider reports. Our platform automates this process, saving you time and effort.
- **Simple admin** — Super simple fully-automated data flows and reports between Zest and BHN Extras for payroll to process deductions.
- **Compliance** — Inbuilt salary sacrifice, and national Minimum wage checks are standard.
- **Automatic Total Reward Statement updates** — The value of the selected car will automatically appear in the employees' Total Reward Statement, providing clear visibility of their benefits.

Sign up process

Employer:

- Zest facilitated partner introduction and direct contracting with BHN Extras — Home & Tech.

Employee journey is simple:

- Employees access the BHN Extras — Home & Tech platform through Zest, thanks to single sign-on functionality.
- Log into Zest and access BHN Extras — Home & Tech, choose your redemption code and return to Zest's platform to complete any other benefit selections.
- Employer approves selection with BHN Extras — Home & Tech.
- Voucher made available to purchase item/items.
- Zest updates benefits and Total Reward Statement* with the benefit value.

*this also then shows on payroll reports to employer from Zest.
